

Waterloo Acoustics Ltd

Acoustic Enclosures for Condensers AP50/75 Acoustic Panels and Inlet/Discharge Attenuators

*Acoustic Enclosure
designed for vertical discharge air cooled condensers and heat pumps
c/w high performance low resistance inlet and discharge attenuators &
AP50 Acoustic Panels*

*Acoustic Louvred Enclosure
designed for vertical discharge air cooled condensers and heat pumps
c/w mid-range performance inlet and discharge acoustic louvres &
AP50 Acoustic Panels & removeable access panels*

*Acoustic Enclosure
designed for multiple vertical discharge air cooled condensers
c/w mid-range performance inlet acoustic louvres &
mid-range performance discharge attenuators & AP50 Acoustic Panels*

*Acoustic Enclosure (ultra)
designed for multiple air cooled condensers and heat pumps
c/w high performance low resistance inlet and discharge attenuators &
AP75 Acoustic Panels*
